CUMBERLAND TELEPHONE CO.

Making Extensive Improvement in Ear-
lington Office.

The Cumberland Telephone and
Telegraph Co. are making extensive
improvements in the Earlington
office. They are now installing a
modern switch board that puts Ear-
lington far ahead of any other town
of its size. After the new board is
installed extra help will be employ-
ed to carry on the business of the
office. The Cumberland people are
always abreast of the times.

EAGLE EYE SALVE
GOOD FOR THE EYES--AND EYES ONLY
YOUR EYES are living lenses. If
weak, dim, strained or congested,
they can be gently yet surely
cleared, brightened, corrected and
re-invigorated by the cleansing,
healing, strengthening properties
of EAGLE EYE SALVE. One 25c.
tube PROVES IT.

CLEANUP DAY PROCLAMATION

CLEAN-UP-DAY PROCLAMATION

Following the custom of 2 years the citizens of Earlington, without regard to age, sex, creed or color, are earnestly urged and expected to participate in a general "Clean-up-Day."

Friday May 8

Has been selected as the date, and the principals of both the public Schools have agreed to give their pupils a half holiday Friday afternoon in order that the children may have an opportunity to assist in the good work of cleaning up.

All Trash, litter and garbage should be deposited in Boxes or Barrels in the alleys, where it is possible to do so, or at the side of the streets at convenient places for loading into wagons. The rubbish is to be moved at the city's expense and it is hoped that our people will take advantage of this opportunity to rid their premises of garbage of every character. It has been suggested that every citizen clean up that part of the alley abutting his property, and I urge that this be done. This is a small matter for the individual citizen, and if carried out, will result in clean and wholesome alleys all over our town.

The Board of Health and City Physician recommend and advise that all privy vaults be boarded up tight to keep out flies and urge the liberal use of lime around vaults, drains and cess pools. They also request that the War on the Fly be kept up vigorously, and assist that the livery stables and merchants of the town provide themselves with an ample supply of fly traps and that every effort be made to exterminate the abominable fly.

As all of our citizens must realize that each of us are the beneficiaries of the general cleaning up of our town, I respectfully and earnestly ask the hearty co-operation of our people in this undertaking on next Friday, May 8th, 1914.

W. E. RASH, Mayor

White Plains Notes

Mr. Wm. C. Atkinson, a well known citizen of this town, who has been in ill health for some time, died at his home Saturday evening. Funeral was held at M. E. Church Sunday p. m. Interment at concord cemetery.

Mr. and Mrs. S. M. Oarty, visited relatives in Madisonville last week.

Mrs. Jessie Davis and son Raymond, went to Madisonville Monday.

Mr. and Mrs. Fred Franklin, attended the show at Nortonville Monday.

Mrs. Mollie Bone, has returned home from Mortons Gap, where she has been for the past few weeks.

T. O. Dillingham, of Dawson Springs, was in town Wednesday.

P. W. Lacy, of Madisonville, was in town Wednesday.

Douglas Clark and daughter Miss Hallie, of Madisonville, was in town Sunday.

Chas. Williams and little daughter Louise, of Greenville, was in town Wednesday.

Mrs. Sue Johnson attended her brothers funeral here Sunday p. m.

Wm. and Eddie Putman, returned home from Florida Sunday.

O. C. Littlepage and little son Julian Cecil, attended the show at Nortonville Monday.

Misses Edna Farmer and Aud-

rey Dillingham, Messers Cliff Dillingham and Edd Berry, attended the show at Nortonville, Monday night.

Dr. Wm. Lee Moore of Nortonville, was in town Monday. The Stork visited the home of Mr. and Mrs. Lacy, and presented them with a nine pound girl Sunday morning, both mother and child are doing nicely.

Earlington and Madisonville Military Companies Spend Day In Woods Near Here

Capt. Ben Wilson and thirty-five members of the local military company spent Sunday in the woods near this place. The Madisonville company, under command of Capt. Oland Harris, 25 strong, joined the Earlington company and open air maneuvers took place. The entire day was spent in the woods and a sumptuous dinner was served on the grounds at noon, members of the two companies taking baskets of good things along with them. Quite a number of visitors were present and enjoyed the dinner.

Wreck at Goodletts

Train 34 derailed 17 cars at Goodletts Sunday morning and thereby necessitated running passenger train 52 via Bowling Green and Guthrie. This caused 52 to run 3 hours late.

Good morning! Have you seen The Courier? Evansville's best paper.

EDITORS TO RECEIVE WARM WELCOME

Dawson Preparing to Entertain Guests of the Kentucky Press.

(Dawson Tribune.)

Program Press Association Monday June 8:

Welcome address--W. P. Scott Tuesday, June 9--Ball at New Century Hotel.

Friday June 12 Banquet and goodbye.

Consolation prize in baseball game box of cigars by Slaton P. Phillips, manager of the local baseball team.

W. K. GRIFFIN

LOSES CAKE OF SOAP

Claims Luther Lowe Stole It With Malice Aforethought

W. K. Griffin, erstwhile chief train delayer, at this place, and now occupying the same position at Paris, Ky., was here Saturday night and Sunday visiting friends. Griffin claims that when he arrived in Earlington he was the proud possessor of a valuable cake of soap and that he deposited the aforesaid soap on the washstand when he retired. On Sunday morning he was lying in bed about half awake contemplating whether or not to go to Sunday school when some one quietly entered his room and removed the soap. He claims that this act was done by Luther Lowe with malice aforethought to prevent his attending Sunday school and asks the people of Earlington draw their own conclusions.

Woodson Browning Accepts Position With the Henderson Journal

Woodson Browning left last Friday for Henderson, where he has accepted a position on the Henderson Journal as managing editor on the morning edition of the Journal. Mr. Browning has had considerable newspaper experience, is a fluent writer and should make a very valuable man for the Journal. He has been special correspondent for the paper from Madisonville for the past several weeks.

GO-TO-SUNDAY SCHOOL-SUNDAY

Successful Observance in Hopkins County With Big Attendance

FIGURES FOR THE LEADING SCHOOLS AND IN THE COUNTY

Go-To-Sunday-School-Sunday was a success in Hopkins county. It was last Sunday, and the effort was to put into the Sunday Schools of Kentucky on that day one million people, about double the usual average attendance.

It is a close estimate that there were in the fifty-four active Sunday Schools in Hopkins County some 4500 to 5000 persons on that day. Ten towns with thirty Sunday Schools had 3328 in attendance. They were as follows: in order of attendance numbers: Madisonville, 1292; Earlington, 742; Dawson Springs, 367; Mortons Gap, 209; Nebo, 170; Hanson, 131; Nortonville, 113; Illev, 101; St. Charles, 99; White Plains, 95. Attendance by schools in the leading towns follows:

Madisonville: Missionary Baptist, 405; Southern Methodist, 375; Christian, 372; Presbyterian, 98; Cumberland Presbyterian, 42.

Earlington: Southern Methodist, 286; Christian, 245; Catholic, 75; Missionary Baptist, 66; Methodist Episcopal, 45; General Baptist 25.

Dawson Springs: Christian, 131; Baptist, 102; Methodist, 83; Presbyterian, 51.

Mortons Gap: Christian, 144; Baptist, 65.

There are a number of Sunday Schools in the country that had attendance in excess of 100, and where there is active interest generally in the work.

AN ERROR

As there was a very great mistake in my ad of the last issue of the Bee, owing to a mistake of the compositor, I would like to call attention to the words that were misused. The first should have been stippled floors and walls in place of striping. As there are two many people today dissatisfied with their house owing to painters striping in place of painting. And the second where it should have been friscoing, it said first coating, and every one knows the first coat must be the primer with paint, filler when using varnish with background when graining or sizing made of four different parts for water-coloring or flat coating on plastered walls.

Watch for my figures next week showing you where you generally pay twice the money for painting that you should.

Yours truly:

W. O. HURLEY.

Looks Good For Kincheloe in Webster

One day last week, Charles Bennett, a citizen of Sebree, says that he took a secret ballot of the voters in Sebree, just to see what they would do and he reported after the ballot was counted that D. H. Kincheloe had 93 and Judge Henson 34. Of the number voting, about 80 were country people. The young prepared ballot and had a box for the voter to place it in after voting and says that he believes that it is about that way all over that section. This certainly should make Dave feel good and it goes without saying that it makes his friends feel good to hear it.

ANNOUNCEMENT

We are authorized to announce
Judge J. W. Henson as a candi-
date for Congress from the Sec-
ond district, subject to the ac-
tion of the democratic party.

The Woman Can Do It!

Spring is with us and we should
not neglect to clean up the yards
and plant flowers for those beauty
spots of summer.

A little done by each one will
make a wonderful difference in
the appearance of our town, and
we would like to see the right
start made in this direction.

Why not organize a civic im-
provement club with our ener-
getic and public spirited women
at the head of it? They know
just how to plan those beautiful
yards and grounds that speak so
well for a community, and with
them in charge we masculine
mortals would cheerfully toddle
along in their wake and perform
the manual labor.

Shall we have the pleasure of
announcing that the women have
volunteered to assume the duties
of landscape sponsors for this
community?

Say nothing, be nothing, do
nothing, and you will avoid harsh
criticism.

Retrieving Our Honor

Some people seem to be some-
what critical of the action of
members of congress in bowing
to the demand of the president
in the matter of repealing the
Panama canal toll exemption
law.

But is that criticism wisely ad-
ministered?

If the ships of any nation
should be entitled to preference
in the matter of toll charges for
passing through the canal, then
unquestionably those of the Uni-
ted States should be the ones thus
favored, for the canal was built
with the money and by the brains
of this country.

And it is even possible that
it would have been wise, in the
beginning to have provided for
thus favoring our own shipping
industry.

But here is the meat in the co-
conut.

The United States entered in-
to a solemn covenant with the
British government to accord the
same rights and privileges to the
ships of commerce of all nations
passing through the canal.

Later congress passed a law
over the protest of England in
which it ignored our treaty with
the Britons and exempted Ameri-
can ships from the payment of

tolls.

Thus it became a matter of the
interests of the shipping trust as
against the national honor.

The honor of this country
should be protected at all times,
at all hazards, and it is a relief
to know that congress is bowing
to the will of the president and
the nation.

We are too great a nation to
have our name for fairness thus
besmirched.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of
sight and completely derange the whole system
when entering it through the mucous surfaces.
Such articles should never be used except on the
prescriptions from reputable physicians, as the
damage they will do is ten fold to the good you
can possibly derive from them. Hall's Catarrh
Cure, manufactured by F. J. Cheney & Co., To-
ledo, O., contains no mercury and is taken inter-
nally, acting directly upon the blood and mucous
surfaces of the system. In buying Hall's Catarrh
Cure be sure you get the genuine. It is taken
internally and made in Toledo, O., by F. J. Che-
ney & Co. Testimonials free.
Sold by Druggists. Price 75c per bottle.
Take Hall's Family Pills for constipation.

A few days ago a little girl
was on the street with a big
hole midway of one of her stock-
ings, and no one batted an eye.
A little later a big girl tripped
along with a little hole in her
stocking and the young bachel-
ors and old baldheads immedi-
ately started a parade.

FOREST NOTES

In preparation for the coming
fire season in California, 110
miles of fire lines have been
built on the Sierra national
forests.

The imports of matches into
China greatly exceed in value
any other wood product. Most
of the matches come in from
Japan.

Redwood sawdust is being used
by vineyardists in California for
packing fresh table grapes. It
takes the place of the ground
cork used for imported Spanish
grapes.

Hyndman Peak, Idaho, the
highest named peak in the state,
is more than 12,000 feet high.
Several unnamed peaks near it
are of about the same elevation.
All are on the divide between
the Sawtooth and the Lemhi
national forests.

A two year-old plantation of
Douglas fir on the Oregon na-
tional forest shows 94 per cent
of the trees living. Extensive
plantings of young trees in

Washington and Oregon are cost-
ing only \$8 an acre. Direct
seeding of lodgepole pine has
been successful without excep-
tion on the Arapaho national
forest, Colorado. Several of the
acres sown two and three years
ago show from 5,000 to 10,000
seedlings per acre.

Uncle Eben.

"De man dat brags about not hab-
bin' no bad habits," said Uncle Eben.
"ain't countin' braggin' as a bad
habit."

A Texas Wonder

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of bladder troubles, removing gravel, the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggists will be sent by mail on receipt of \$1.00. One small bottle is two months treatment and seldom fails to perfect a cure. Send for testimonials from Kentucky and other States. Dr. E. W. Hall, 2928 Olive St., St. Louis, Mo. Sold by druggists.

THE CRISIS IN GUM CHEWING.

An acute condition is likely to make its effect known among gum chewing stenographers, ribbon clerks and effeminate young men, and it is found by the Pan-American Bureau at Washington, that there are 10,000,000 inveterate chewers of gum in the United States. Chicle may be Greek to most of these people, but to make it clear it is explained that chicle is the sap of the sapote tree, technically known as sapota zapotilla; and these Spanish jaw-breaking words explain just how most of our chewing gum is made. While protecting the flag is important, yet how about the sapota zapotilla? If anything should happen in Mexico, that would cut off this gum supply it would lead to complications quite as far-reaching as those other affairs we have with the Huertaites, Carranza's and Villa's. It takes 300,000,000 packages of gum annually to run the United States, and Mexico has to supply practically all of the sap of the sapote. With this in mind, the gum chewers will wish for the success of the indication plan as proposed by the A. B. C. powers.

JUST IN TIME

Some Earlington People May Wait While It's Too Late

Don't wait until too late. Be sure to be in time. Just in time with kidney ills. Means curing the backache, the dizziness, the urinary disorders. That so often come with kidney troubles.

Doan's Kidney Pills are for this very purpose.

Here is testimony to prove their merit.

Mrs. G. M. Stark, S. Main St., Madisonville, Ky., says: "For some time I was bothered by pains across the small of my back and sides. Seeing Doan's Kidney Pills so highly recommended, I got a box and used them as directed. They cured me. Since then when I have had occasion to use them, they have always proven of benefit."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Stark had. Foster-McBurn Co., Props., Buffalo, N. Y.

A Recipe.

If you want to find out how great a man is, let him tell it himself.

I Suggest Comparison

To prove to your own satisfaction that my prices are by far the lowest in the city, I suggest that you make careful comparison. Visit the other stores before coming here and pay particular attention to the quality of the goods offered—don't be deceived by mere appearance. My goods are made not only to look well, but to wear well, and that, after all, is what counts. May I have the pleasure of showing you.

New Laundry for Madisonville

H. E. Williams & Co. have rented the building next door to them and will in a short time add to their Tailoring and dry-cleaning business a modern laundry establishment. Mr. Williams has already purchased the necessary machinery and everything necessary to open this laundry.

SPECIAL TO WOMEN

The most economical, cleansing and germicidal of all antiseptics is

Paxtine

A soluble Antiseptic Powder to be dissolved in water as needed.

As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by feminine ills it has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." At druggists. 50c. large box, or by mail. The Paxton Toilet Co., Boston, Mass.

OLD CONFEDERATES OFF FOR JACKSONVILLE, FLA.

Thirty-Five From Here Will Leave on Special Train This Morning

Confederate Soldiers from Earlington and other points in this section left this morning on a special train for Jacksonville, Fla., where the annual reunion of the old soldiers will be held this week, beginning Tuesday. About thirty-five yesterday stated that they would make the trip. A large delegation is expected from Providence, and quite a few will board the train at Slaughters, Hanson, Madisonville, Mortons Gap, Nortonville and other points. Including the wives, daughters and friends, it is expected that at least two hundred will go from this section.

A girl may utter beautiful sentiments by the hour, and yet they have less weight with a man than a tantalizing curl under the ear.

Compelling Huerta to salute the flag is about as big a job as yanking a tick from the tail of a wild elephant.

At Once Thought of Dad.

A lady once showed her little girl a beautiful new silk dress which had just arrived from the dressmaker, and by way of improving the occasion, she said: "You know, dear, all this was given up by a poor worm." The little girl looked puzzled for a minute or two and then said: "Do you mean dad, mamma?"

Skin Blemishes Caused By Germs

Germs get under the skin or in a broken place, and it is hard to get rid of them. Use Dr. Bell's Antiseptic Salve. It kills the germs, keeps the skin clean and healthy and makes the skin soft and smooth. It is OLEAGIN, PURE AND HEALING. "Tell It By The Bell"

Woman Who Keeps Philadelphia Tidy

In the "About People" department of the May Woman's Home Companion appears a picture and sketch of Mrs. Edith Pierce, Inspector of Street Cleaning in Philadelphia. Mrs. Pierce has been teaching the children and their mothers to help keep the streets clean and, because of her, Philadelphia is a neater city than it used to be. The following extract gives a further idea of Mrs. Pierce's achievements:

"First she planned for making the children her aids, teaching them not only to refrain from throwing fruit skins, paper and other rubbish into the street, but also to prevent others from

so doing. She reached the children and awoke in them a wholesome interest in the city's appearance by means of addresses in the public schools and the distribution of simple circulars. Then she urged clubs, neighborhood groups and whole communities to cooperate with the street cleaners. In one week she addressed ten of the city's leading clubs for women on her chosen theme. In the crowded poorer sections she speaks from a soapbox to corner gatherings of the housekeepers of the neighborhood, telling them, often with the aid of an interpreter, how to handle their waste, and inspiring them to do their part in keeping their surroundings clean

Pleasure and Protection

"One of the best reasons why I would not be without telephone service," writes a Georgia farmer, "is the pleasure it gives my wife and the knowledge that while I am away, she has the protection that the telephone gives."

On the farm the telephone dispels loneliness and is the means of bringing help in any emergency that may arise.

If you haven't a telephone on your farm see the nearest Bell Telephone Manager or write for our free booklet and learn how little this service costs.

and sanitary. She has found that the Italian, Polish and Russian mothers whom she addresses become deeply interested in municipal house-cleaning; some of them 'point with pride' to alleys, formerly reeking with filth but now clean and orderly."

Ernest Dunning Goes With Robinson Brothers

Mr. Ernest Dunning, who has been connected with the M'Henry Coal Co., in Muhlenberg county, for several months, having tendered his resignation recently, spent Monday in Madisonville. Mr. Dunning is now with Robinson Bros. & Co., wholesale hardware dealers, Louisville, his territory being Western Kentucky.

Possibly Too Frank.

A clergyman recently told his audience that young ladies and gentlemen should be entirely frank in their courtship—they should tell each other their weak points. Twenty-two engagements have been broken off if his congregation.

Explained.

The men who have "money to burn" are usually the ones who are the most careful in the matter of keeping up payments on their fire insurance.—Philadelphia Inquirer.

Yes, Yes!

A girl with a face as pretty as a picture may be spoiled by an ugly frame of mind.

Is Sickness A Sin?

A Sin of Commission or a Sin of Omission? Or Both? We transgress Nature's laws, the Liver strikes, then we omit or neglect until we ache or sicken. Loosen the daunted-up bile. Keep it loose with the old time-tried May Apple Root, (Podophyllin). Podophyllin with the grape taken out is called

PODOLAX

BIG AGRICULTURAL LAND OPENING

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted to prospective settlers in throwing open thirty thousand Acres of Rich Southern Georgia Land, which is admirably adapted to the growing of celery, sweet and Irish potatoes, canteloupes, water melons, corn, oats, cotton, hay—in fact, all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the almost immeasurably profitable paper-shedded pecans.

Providing you are eligible under the classifications prescribed by us, you are now offered an excellent opportunity to break way from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to the land of plenty, to which, if granted, you will hold a warranty deed an abstract. The best security on earth is the earth itself, and land is the basis of all wealth. Owners of productive lands are benefitting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital.

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracts is that they plant, or arrange to have planted, a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees.

In consideration of 25 per cent. of the net profits derived from the sale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to \$1,268.45, and that one acre of well-cared-for paper-shedded pecans, in full bearing, should net its owner as high as \$600.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further urging, and waste no time in locating in this land of plenty.

We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it; otherwise it reverts back to the grantor.

The land included in this opening is located directly on an adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, an excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful, and there is an ample rainfall of 51 inches per year.

OUR AIM IS FOR MUTUALLY BENEFICIAL RESULTS
As we are extremely desirous of having settlers locate on this property, and assist in its development.

The presence of those registered will not be necessary at Brownstown on the opening day, unless they wish to attend, for their will be no favoritism shown anyone. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted, as soon as possible.

With the ever-increasing population of this country there is no corresponding increase in the area of land, and naturally as the population increases and seeks the land in pursuit of health, happiness and independence, it will continue to be harder to secure.

The prosperous and contented class in Europe to-day are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the peasants and slaves. You must realize that this may be your last chance to secure land in this country without a large outlay of capital, so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.
